About Us

Denver Academy of Torah is K-12 institution that educates the whole child emphasizing religious, social, and academic development.

Every day, we weave together inspiration from the ancient world to the contemporary, from the divine to the secular, developing students who are creative, knowledgeable, independent, and confident.

A Denver Academy of Torah education is devoted to exceptional academics, inspired Torah learning, fostering a love for Israel, as well as a commitment to the arts, athletics, and experiential learning. Our students thrive as individuals and have the tools to live a Torah-observant life, serve as community leaders, and become future innovators.

Our Mission

At Denver Academy of Torah, we are nurturing students to be Torah-observant role models and future leaders, through an intellectually rigorous and innovative education imbued with a love of Israel.
